Kintera Care

Registered NDIS provider 4050149586

Your own home. Your own life. Your own choices. Still connected.

Independent lives. Connected communities.

Who we are

Kintera Care is a registered NDIS provider and an in home aged care provider. We build and support Vertical Villages, Supported Independent Living homes and in home support across New South Wales. Every member holds their own home and their own plan, with a small, familiar team beside them and neighbours close by.

What we do

Places to live

Vertical Villages and Supported Independent Living homes, with support shaped around each member's plan and Roster of Care.

In home care

Disability support at home and aged care in home support, from a few hours a week to daily help with everyday living.

Community and groups

One on one community participation, and the Rise Up group program built on five pillars, running Wednesdays in Petersham.

Kin. Land. Home.

Our name holds three ideas. Kin, the people who know you. Terra, the land and the place you belong to. Together they make Kintera: a home of your own, in a community that knows you.

That is how support works here. A small, familiar team. Neighbours nearby. Your plan, your routine, your choices.

How to start

Tell us what you are looking for and we will talk through what your funding covers, what support you need and what is available near you. There is no cost to ask.

Call our intake team on 1300 405 260, Mon to Fri, 9am to 5pm, or enquire at kintera.com.au/contact

Supported Independent Living home

Hamlyn Terrace

Hamlyn Terrace NSW 2259

Waiting list open

About this home

A Central Coast shared home close to Wyong shops, transport and the lake, with your own bedroom and a small number of housemates.

Support here

Support here is delivered to each member's own NDIS plan and Roster of Care, so what you get is based on your plan, not on the house. A small, consistent team of support workers looks after the same members, so the people supporting you know you well and you are not meeting someone new every shift. We help with the everyday things, personal care, cooking, shopping, appointments and getting out, and we work alongside your support coordinator and any allied health team...

Who this home suits

- You are looking for a long term home on the Central Coast, not a short stay.
- You have NDIS funding for Supported Independent Living (SIL). You do not need Specialist Disability...
- Your support needs do not rely on accessible bathrooms, ceiling hoists or other specialised...
- You would rather share a house with a small number of housemates than live on your own.

Good to know

Specialty

Supported independent living

Getting around

Bus stops are close by, with services to Lake Haven and Wyong. Wyong station is about 10 minutes away for trains to Newcastle and Sydney, and the home has...

Shared spaces

An open plan kitchen and living area where housemates cook, eat and spend time together, plus a covered patio and back garden for sitting outside...

Features

One split system air conditioner in the living area · Wifi throughout · Uninterrupted power supply (UPS) · Parking available · Communal gathering and BBQ area · Public transport nearby · Cafes and shops nearby · Pharmacies and medical services nearby

Waiting list

There is nothing available here right now. Join the waiting list and we will let you know as soon as a home opens up, or ask us about other villages nearby.
